

ALAA Stud Dog Certificate

(required for the use of a non-ALAA registered stud dog)

Instructions:

Fill in the applicable fields and send as instructed with health testing results and pedigree per ALAA requirements. It is the responsibility of the Member Breeder to fulfill all these requirements prior to the breeding. Submission is recommended at least 30 days **prior** to the breeding in the event there are any concerns to be addressed. Failure to supply all of the required documentation can result in your litter not being registered.
